## PROFILE

A passionate front-end web developer eager to bring creative and user-friendly web solutions to life. I've honed my skills in HTML, CSS, and JavaScript, and am proficient with frameworks like React and Vue.js. My recent projects include developing responsive websites and interactive features, where I've focused on delivering seamless user experiences and clean, maintainable code. I'm excited to contribute to a dynamic team and continue learning and growing in the ever-evolving field of web development.

## MY CORE COMPETENCE

- Proficient in HTML, CSS, and JavaScript:** Strong foundation in creating structured, responsive, and interactive web pages.
- Modern Frameworks:** Skilled in using frameworks and libraries like React and Vue.js to build dynamic user-interfaces.
- Responsive Design:** Ability to develop mobile-first, cross-browser compatible websites ensuring a seamless user experience across devices.
- Attention to Detail:** Focused on crafting clean, maintainable code and delivering pixel-perfect designs.
- Problem-Solving Skills:** Adept at debugging and optimizing web applications for performance and usability.
- User-Centric Approach:** Committed to designing intuitive interfaces that enhance user satisfaction and engagement.

## PROJECTS
